

Hello friends,

I hope you are keeping well.

After the accident on Sept 6th, the rest of the team that had no injuries decided to proceed with the missions as the rest got their treatment. They decided that what had happened to them was an act of the devil trying to stop them from doing what God had planned for them.

They proceeded and started with missions on the weekend of the 10th. That weekend, 22 students gave their lives to Christ.

Now, what happened after that weekend was accelerated Salvation Stories. Here is a breakdown of the numbers of people getting saved. This is real...not fiction :) An act of God. This is a true confirmation that the harvest is plenty and the laborers are few.

Mudavadi Girls - 178

Liranda Girls - 252

Total Saved in 8 days: 3,047.

Praise the Lord with us my friends. We are in awe of what God is doing. Never in my 10 years in youth ministry have I experienced anything like this. To God be the glory.

Indeed, God uses jars of clay to carry His amazing treasure.

DJ Tismo who broke his leg got discharged from the hospital last week and is recovering at home.

Alan (a dancer with the group Zionists) will be discharged from the hospital tomorrow. He has a broken wrist and had to undergo several surgeries. We thank God for this.

God bless my friends and thank you for your prayers and support.
Regards,

Moz
